

Christmas Cheer at Dynasty Restaurant (Front-L to R): Jenny, Amy, Joy, Abe, Sally, Cheryl, Cathy, Imelda (Back) Bill, Brent, Charles, Tony, Nicci, Kyle, Warren, Nick.

Sweet Socials at Liliha Bakery

Since we cannot eat in Suite 1518, the best alternative for club social gatherings is meeting at a coffee shop. Please join us on **Jan. 21**, and **March 24** for our next quarterly gatherings at the Liliha Bakery (located in Macy's) after each meeting. Be ready for a Table Topic at our table!

Happy Halloween Gang (Front L to R) Brent, Bill, Warren. (Back) Mark, Jacob, Laura, Kyle, Nick, Nicci, Morgan, Charles.

Got ideas? Hey! If you've got ideas for stories in our next quarterly newsletter on **March 28**, please send information to **Joy** by **March 24**. Mahalo!

KTM Member Corner

Charles Mole became a TM a decade ago in November, 2009. He is a very busy police radio dispatcher, but, despite this, finds time to mentor the Catalyst TM Club, and coach the HMCOA TM Club. He joined TM to conquer his fear of public speaking, and this led to becoming a DTM and holding various offices at the club, area, division, and district level, including becoming District 49 Director from 2014-15. He also won the District 49 Humorous Speech Contest in 2011. It's one worth checking out on YouTube, listed as "How I Got My Nickname." His advice to newcomers to TM - "Find a mentor, deliver your Icebreaker, and start Pathways. TM is not a spectator sport. You gain confidence and learn by doing."

Laura Groves joined TM in 2011. She initially joined TM to support her son, Morgan, but also recognized the value of influencing others through honing her public speaking skills. In the past, sheworked as a veterinarian, but is now earning a masters degree in public health. She has served in various TM roles, but is one of few who have served as a Gavel Club leader and an Area Gavel Club Coordinator. What's her advice to newcomers to TM? "Everyone is afraid at first. Just keep making yourself deliver speeches, and it will get easier and easier. Everyone should try being a TMOE. You learn a lot about meeting flow."
